

Official Regulation

1. Objectives:

1.1. FinanCamp is a virtual summer program in Vcamp format, organized with the aim of encouraging committed young people to acquire knowledge in the area of Economics and Financial Mathematics. In the program, we value working with the development of logical reasoning, organization of financial life, and youth entrepreneurship. We seek to train young leaders who seek to change the community where they live.

1.2. Vcamp is completely free. Nevertheless, you can donate a significant amount to collaborate with the development of the project.

2. Requirements:

2.1. Be attending the 9th to 12th grade, or equivalent. Gap Year, or the first year of university.

2.2. Understand English, speak variantly or fluently.

2.3. Be interested in economics and mathematics.

3. Program Demands:

3.1. *Schedule:* The program will last for one week, and will be offered in July, in the morning and afternoon. The schedule will be sent by email to the selected participants and will be published on the website/social networks in the future.

3.2. Frequency: It is necessary to comply with the workload of VCamp for your participation to be effective. Your presence, after acceptance, is mandatory with 70% attendance.

3.3. Group activities: To finish the program, a research project will be carried out in the area of economics and financial mathematics. Projects will be appreciated and one of them will be awarded certificates of honor and possibly gifts from the official FinanCamp committee.

3.4. Have internet access, camera, and microphone.

4. Awards and Associates:

4.1. Vcamp FinanCamp will be responsible for organizing an internal essay competition on an economics topic. The winner will be awarded for the project and will have his text published on the website, as well as his biography and title of outstanding student of the program.

4.2. The FinanCamp program makes available, upon request, letters of recommendation for other summer programs and selective enrollment projects.

4.3. All participants earn certificates with the workload.

4.4. The Program will have an award for the best student; engagements; innovative student and award for the best research group (within the group project).

5. Selection Process:

5.1. To apply, access the main page of the FinanCamp Site and submit the form.

5.2. Enrollment time will remain indefinite until all vacancies in the program are filled. However, we strongly recommend submitting your application by the first week of July.
